CENTRAL BEDFORDSHIRE

Free event

NEW DATE DUE TO THE TEACHERS STRIKE
Monday 27th February 2023 - 9:30am - 2:45pm

Preparing your young person for Adulthood Information Day

We have invited The Advocacy & Support Partnership to provide this
invaluable training

Suitable for parents whose young person is
aged between 14 - 25 years of age

(if your young person is 14+ you should consider attending,

if your young person is 16+ you should definitely consider attending)

What does the law say for young people with SEN and disabilities, who are approaching 18, or for those who have already reached adulthood? What rights do parents and carers have in providing, or not having to provide, support?

- What care and support are young people aged 18 or over who have additional needs entitled to under the CARE ACT 2014?
- What does this mean for young people planning for adult life, and for carers? Or for those already over 18?
- Who should be assessed, and what should that assessment look like?
- What should a good care plan look like?
- How does the care plan link with Education Health and Care Plans (EHCPs)?
- What are your rights as carers?
- What role does health play in the assessment of care needs?

Monday 27th February 2023 - 9:30am - 2:45pm
